Dear Mr. Davis

Pension Trader Account - 4817177340155 (2C CONSULTING DIRECTORS SSAS)

Thank you for returning the information relating to the Pension Trader Accounts (PTA). Our records are currently being updated and we'll write again soon to confirm when this is complete.

New Account Number

Once the update is complete, a new account number may be allocated and sent to you along with a closing statement for each updated PTA. Most of the details from the old accounts will be transferred to the new accounts, however, the previous dealing history attached to an old account number cannot be transferred to a new account.

We will keep the old accounts open for ten working days from the date of this letter to allow you to access and download a copy of the dealing history for the old accounts by logging on to www.BarclaysStockbrokers.co.uk. You will still be able to obtain details of historic deals after the ten day period by calling our Client Engagement Team on 0845 609 5555*.

Online Access

Your login details may change as a result of allocating a new account number. We'll write to you if this is the case.

Thank you again for your help and support.

Yours sincerely,

Alastair Thaw
Director, Barclays Stockbrokers
