We're pleased you understand our opposition to this EU bureaucracy.

If there are any consequences of our refusal to participate then we accept them.

Dear Mr Clay,

Thank you for your email. We are sorry to hear you feel that way, as the compliance program is substantially more than what you described. This cost has been applied for schemes for the period of 3 years and includes continuous updates on the data protection law as it is applied, as well as being able to demonstrate compliance for the regulators. The latter being the key.

We can not force you to pay the invoice if you believe this is not fair, but I hope you appreciate that we need to ensure that all schemes are treated equally and are compliant.

Kind regards,

Pension Administration Team
