Using your debit card in the UK and abroad

Barclays will charge you a 2.75% Non-Sterling Transaction Fee for using your debit card abroad when making purchases, withdrawing cash, or when you are being refunded. This fee will also apply whenever you do not pay in sterling, for example when you shop online at a non-UK website.

On top of this, if you're getting cash over the counter at a bank abroad (including Barclays), or using an ATM other than a Barclays ATM or an ATM at a Global Alliance member bank, you'll also be charged a 2% Non-Sterling Cash Fee (minimum £1.50, maximum £4.50) and the ATM provider may apply other charges. From 1st January 2013 the Non-Sterling Cash Fee will be £1.50 for each applicable transaction regardless of the amount withdrawn.

VISA converts transactions into sterling using the VISA Exchange Rate on the day it processes the transaction. This date may be different to the day on which the transaction took place. Historic exchange rate information is available on www.visaeurope.com

When using your debit card abroad some merchant terminals or ATMs may offer you the choice of paying for your transaction in sterling. If you choose to pay in sterling the 2.75% Non-Sterling Transaction Fee will not apply, but you should always try to find out what the merchant or ATM provider's commission charges are and what exchange rate they are using, as overall it may be more expensive to pay in sterling.

International Bank Account Number (IBAN) and Bank Identification Code (SWIFTBIC)

Your IBAN and SWIFTBIC are shown on the front of your statement. By using them you could reduce charges when receiving international payments in euros. Find out more at: business.barclays.co.uk/bb/ibanInformation.

Getting information from Barclays
