THE PRICE IS ON ICE...

For the last two years, we've been asking you to help us design our plan for the future of your water and sewerage services.

You told us you wanted to see no cuts in the services you depend on but also that you were worried by rising household bills.

So we've decided to freeze our standard tariffs and standing charges for all customers at current levels until at least April 2015. After that, we want to keep average bill rises below inflation to 2020 while still investing to improve your services.
