About your electricity tariff

Tariff	Value
Payment method	Direct Debit
Tariff ends on	No end date
Exit fees	£0.00 (only if you change tariff/ supplier before expiry date)
Your usage (Estimated)	6854kWh in the last 12 months
Your electricity distribution company is Western Power Distribution Information Centre, Avonbank, Feeder Road, Bristol BS2 0TB In the event of a power cut please call your distributor on 105	

Could you switch and pay less? Your personal projection is £1859.37 per year. This is based on your current tariff and estimation of how much electricity you'll use. You're on our cheapest similar tariff already. Our cheapest alternative tariff is Double Gold (Direct Debit), which could save you £24.50 per year.

Comparison with this time last year
You used 468 kWh more this February than you did in February 2023

Check if you're on the best tariff for you
Scan this image to download your key energy data to your smartphone or tablet.

The small print
Please note that switching tariffs may involve changing to materially different terms and conditions; you'll find more information about your tariff overleaf. To be eligible for our Double Gold tariff you must take a three or four service bundle (excl. Bill Protector; Boiler & home cover also excluded for tenants). Optional upgrades are available for an additional cost
All projections and savings include your energy usage, standing charge and VAT.

The small print

Please note that switching tariffs may involve changing to materially different terms and conditions; you'll find more information about your tariff overleaf. To be eligible for our Fixed Saver 15 tariff you must take a three or more service bundle (excl. Bill Protector; Boiler & Home Cover also excluded for tenants). Full details, eligibility and terms are available at [uw.link/terms](https://www.uw.link/terms). Optional upgrades are available for an additional cost.

All projections and savings include your energy usage, standing charge and VAT.

How do we calculate the cost of gas or electricity used?

We multiply each kWh you use by your unit rate.

How to work out your daily standing charge?

Divide the total standing charge displayed in your bill by the number of days in the period of your bill.

How do you calculate a kWh (kilowatt hour) on my gas bill?

Your gas meter measures the gas you've used in cubic metres or 100s of cubic feet. We convert this to kWh when we calculate your bill. To convert a cubic feet measurement into cubic metres, we multiply it by 2.83. We multiply the cubic metre figure by the correction factor and then by the Calorific Value (CV). Finally we divide the result by 3.6 to reach your kWh figure. This is a standard calculation that all gas suppliers must follow. Find out more about your calorific value at uw.link/calorific.

- Metric meter: $\text{kWh} = ((\text{Read2} - \text{Read1}) * 1.02264 * \text{CV}) / 3.6$
- Imperial meter: $\text{kWh} = ((\text{Read2} - \text{Read1}) * 2.83 * 1.02264 * \text{CV}) / 3.6$

These figures are for example only, use the formula and your units used to calculate your bill.

Who supplies my electricity?

Utility Warehouse Limited is responsible for the management and billing of your electricity supply on behalf of our wholly owned subsidiary Electricity Plus Supply Ltd (registered in England number 5199935. Registered Office: Network HQ, 508 Edgware Road, The Hyde, London NW9 5AB), your licensed electricity supplier. VAT Number: 135 5949 86.

Registered Office: Network HQ, 508 Edgware Road, The Hyde, London NW9 5AB), your licensed gas supplier. VAT Number: 135 5949 86.

A few key terms

kWh – kilowatt hour - a standard measurement of energy

Meter Point Number – a unique number given to your gas supply

Supply number – a unique number given to your electricity supply

Meter Serial Number – you will find this serial number on your meter(s)

Calorific value – this is measurement of the energy content of gas.

National Grid gives us daily amounts, which we average over the period of your bill.

Correction factor – the amount we adjust to take account of standard temperature and pressure conditions

Not happy with your service?

Not happy with your service? If you wish to make a complaint about our energy services, please let us know on 0333 777 0777 or at uw.co.uk/contact. We'll work to resolve your complaint within one working day. Most complaints are resolved at this stage. If you're not happy at any point you may ask to speak with a member of our escalations team. You can find more details on our complaints procedure at uw.link/customer-complaints-code

If we haven't managed to resolve your complaint to your satisfaction within eight weeks, you can contact the Energy Ombudsman on 0330 440 1624 or via energyombudsman.org. They offer a free, independent service for investigating complaints.

It's important to know your rights as a customer. You might want to get a better deal, find out how to make a complaint, get advice about the quality of your energy supply, or ask for help if you're struggling to pay your bills. To 'Know your Rights' visit www.citizensadvice.org.uk/energy for up to date information or contact the Citizens Advice consumer service on 0808 223 1133.
