This page should only be used as a guide to assist you with preparing your tax return.

For information relating to accrued interest paid/received on transferable interest-bearing securities, please refer to your contract note(s). We also wish to advise you that if you subscribe for shares in Venture Capital Trusts (VCT) you only need to include on your tax return income resulting from investments made in excess of the £200,000 annual limit. Detailed queries on the completion of your tax return should be addressed to your tax adviser or HMRC. We regret that we are unable to accept responsibility if the tax rules have changed since this page was produced.

**Notes:**

- (i) Please note that where a 'Dividend Rate' is shown, it may be gross or net of tax depending on how the registrar displayed it on the original tax certificate. This rate is provided for information only and is not required for preparing your tax return.
- (ii) Equalisation is accrued income in the price of group 2 units bought during the period. It is deducted from the cost of units for CGT purposes and is not subject to income tax.
- (iii) Group 2 Units are those bought during the accounting period and which you held at close of business on the period end date. They may constitute all or part of your total holding.

**Foreign Income**

- 1) Taxed Foreign Dividend income up to £300 may be shown on TR3 (box5)
- 2) Where foreign income and/or dividends are shown on the Foreign supplementary pages, columns B, C, D and F will need to be completed where appropriate. Totals will then be shown in boxes 6, 7 and 28 (on F4)
- 3) It is possible that Foreign Tax Credit Relief will apply. If so this should be shown in box 3 on page F1
