CF48 4DR

23rd November 2020

Dear Sirs,

I confirm that I now wish to take a payment of £3,880.77 from the remaining tax-free cash entitlement in my pension fund based on the valuations of my benefits that I have ascertained. These valuations are as follows:

MGI Future Limited investment	£31,058.00
Hudspiths Limited	£0.00
Carlton James Commercial Real Estate	£14,289.45
AIB Cash Balance	£5,380.77
Total	£50,728.22

I accept and understand that this decision is solely down to me as a Member Trustee of the pension scheme if I choose to rely on these valuations as an accurate and up to date valuation for the purposes of crystallising my pension fund, and that Registered Scheme Administrator Limited, in their capacity as the scheme's registered administrator, are accepting these valuations in good faith. I am well aware that HMRC could query this valuation at a later date and that if they deem that I have exceeded my maximum tax-free cash allowance then there may be a tax consequence. I also confirm that I know, understand and appreciate the risks inherent with this calculation approach.

I, finally, confirm that I assume all responsibility for these risks and that I cannot hold Registered Scheme Administrator Limited, in their capacity as the scheme's registered administrator, or The Practitioner Partnership LP t/a Pension Practitioner, in their capacity as the scheme's registered practitioner, liable for any tax penalty incurred from HMRC at any future date that may arise from this tax-free cash payment.

Yours faithfully

Paul Henderson-Sowerby
Member Trustee of the MGI 2 Pension Fund
