Good morning Nicola,

We have reviewed the information provided with the technical team and will email the solicitor shortly, however, so that our records are complete, could you please answer the following questions as I could not find the answers on any of the emails. I suspect that this may have been covered with David, but I would appreciate having the answers on an email if this is not a problem.

1. Is Mrs Myra Haig Mills connected to you in any way (i.e. family member, business partner)? **NO**
2. Is the proposed tenant (the Alkemy Clinic) connected to you in any way? - **I will call you to discuss this further**
3. Is there a reason why no asbestos report is available for this property? **No it is an older lady that has had the property for years and I dont think she can find it. I will ask the surveyor tomorrow if they can see if they can produce one.**
