YOUR ELECTRICITY USAGE IN DETAIL

S	03	801	201
	10	1237 7878	955

Meter Serial Number: K90E008955

All Periods

Previous	01/10/2020	602323 E	kWh
Present	31/10/2020	602975 E	652

Reading Types:  
C=Customer, R=Actual, E=Estimated, Z=Customer Move, P=Electronic Read, F=Final (Meter Removal), I=Initial (New Meter)

Period: 01 Oct 2020 - 31 Oct 2020  
Tariff name: Saturn Energy 3 Year  
Service Type: Standard Unrestricted

All Periods	652.00 kWh	@12.584p	£82.048
Standing Charge	31 Days	@28.679p	£8.890
CCL on Electricity	652.00 kWh	@0.000p	£0.000
Total Electricity Cost (excluding VAT)			£90.94
Reduced VAT @ 5%			£4.547
Total Electricity Charges (including VAT)			£95.49

Climate Change Levy (CCL)

If you currently have a CCL exemption it will be detailed on your invoice and you can see this as proof of your CCL.

If there are any changes, please send your CCL exemption certificate in writing or by email - details displayed overleaf.

CCL does not apply to domestic use, charitable non-business use, or where the reduced rate of VAT applies to the supply (see below).

If you wish to declare a partial or full CCL exemption you must ensure we have a Customs and Excise validated CCL PP11 Form. Customs and Excise rules state that CCL exemption can only be applied from the date at which the supplier receives the valid PP11 form.

Value Added Tax (VAT)

You may be able to pay the reduced rate of VAT if:

- at least 60% of your energy is used for charitable non-business use, or
- you are using energy for domestic purposes.

If you have declared, or wish to declare that a percentage of your gas or electricity is used for domestic purposes, you must ensure that we are in receipt of a valid VAT declaration certificate in order for you to benefit from this reduction.

'De Minimis'

If your average monthly consumption of energy is lower than the 'de minimis' threshold, then you are eligible to be billed at 5% VAT and exempt from the Climate Change Levy on your Gas and Electricity bills. Your average monthly usage must be no more than:

- 1,000 kWh of business electricity
- 4,397 kWh of business gas
