Hi Emily

Sorry for delay on this, but done now as attached.

Just for your reference the payment out of 815.34 on 30.11.19 was the remaining balance of the Endowment policy owed to Project Framing as the DD's came out of Project Framing Account.

All the other payments in are repayment of the loan.

If you have any queries please let me know.

The other questions you have about assets etc, Russell will have those details.
