

TRANSFER & EARNINGS CONFIRMATION

I Julia Cook have been provided with a copy of the Pensions Regulator's "Scammed out of his retirement. Don't be next." booklet. Royal London has advised me of the areas of concern that it has identified based on the Regulator's guidance. It has also recommended that I take independent advice from a financial adviser authorised by the Financial Conduct Authority and review all of the circumstances before I decide whether I wish to proceed with the transfer which I requested.

Having carefully considered my position and the risks involved, I confirm that I am currently receiving earnings from ROBINSON CONTRACT SERVICES LTD (name of current employer) and that I do wish to proceed with the transfer. I am therefore instructing Royal London to pay the proceeds of my Policy / Policies with Royal London 2955828 (Royal London policy number/s) to ROBINSON FAMILY SSAS (scheme name). I understand that Royal London will not be responsible for any financial loss which I may suffer as a result of this transfer being made.
