

## Notes on completing this form

## What to report

- The number of members for which you have contracts and have received a contribution during the tax year being reported.
- Contributions received since 6 April. Do not include any amounts received in an earlier tax year.
- If a member has more than one contract of the same type, report the total contributions for each type.

There is more detailed guidance in Chapter 5 of the Registered Pension Schemes Manual.

Please complete both pages to give statistics about the members of your scheme(s). Details must be shown separately for members with non-stakeholder contracts and members with stakeholder pension contracts.
