1. Constitution

The Pension Scheme was established by a definitive trust deed dated 29 May 1996.

2. Accounting Policies

a) Basis of Preparation

The accounts have been prepared in accordance with the guidelines set out in the Statement of Recommended Practice, Financial Reports of Pension Schemes.

The accounts summarise the transactions and deal with the net assets at the disposal of the trustees. They do not take account of liabilities to pay pensions and other benefits in the future.

The accounts have been prepared on the accruals basis under the historical cost convention except that investments are stated at market value.

The accounts have been prepared for a seventeen month period. Comparatives are shown for the period 30 May 2011 to 31 October 2012. The year end of the scheme was changed to coincide with that of the end of the tax year.

b) Contributions

The employer's contributions are accounted for on an accruals basis.

b) Rents receivable

Is recognised for the period to which it relates.

3. Contributions

There were no contributions received by the Scheme during the period.

4. Investment Property

The Managing Trustees purchased a freehold property at 42 Colville Road, London, W3 8BL on 19 June 1997 at a cost of £160,000. Land adjoining the freehold property was purchased in 2012. This property and land together were valued at £388,000 as at December 2013 by the trustees. At the year end the Trustees consider this to be its market value.

Under the SORP the property is valued at its current market value. The trustees assess the property value annually.
