THE COMPANY AND THE SEGREGATED PORTFOLIO

The Company is an exempt segregated portfolio company with limited liability incorporated on 7th April 2017 in the Cayman Islands and registered as a segregated portfolio company. As a segregated portfolio company, the Company can operate segregated portfolios with the benefit of statutory segregation of the assets and liabilities of each segregated portfolio under Cayman Islands law.

A segregated portfolio is not a legal entity that is separate from the segregated portfolio company in which it is created and, therefore, references throughout this Supplement to the Segregated Portfolio acting (e.g., entering into agreements or making investments) should be read as the Company acting for the account of the Segregated Portfolio. The Company has established the Segregated Portfolio. The Directors have a statutory duty to establish and maintain (or cause to be established and maintained) procedures on behalf of the segregated portfolio. Please see the section in the Memorandum on “**The Company**” for further information.

THE OFFERING

The Segregated Portfolio Shares are being offered for subscription pursuant to the Memorandum and this Supplement by the Company (on behalf of the Segregated Portfolio) and by the distributors appointed to do so by the Company (on behalf of the Segregated Portfolio). The Shares issued pursuant to this Supplement shall be designated as Segregated Portfolio Shares and shall be referable to the Segregated Portfolio.

The Segregated Portfolio Shares may be issued directly to an Eligible Investor or may be issued to an Eligible Investor which is an entity or structure which has been created and operates as a Feeder. A Feeder may also make an investment in other segregated portfolios of the Company.

The Segregated Portfolio Shares may be issued in seven separate Share Classes with initial offer prices, minimum initial subscription amounts, minimum additional subscription amounts and minimum holding amounts as follows:

<i>Share Class</i>	<i>Initial Offer Price</i>	<i>Minimum Initial Subscription</i>	<i>Minimum Additional Subscription</i>	<i>Minimum Holding</i>
<i>USD \$ Share Class 1</i>	\$1,000 USD	\$20,000 USD	\$5,000 USD	\$10,000 USD
<i>USD \$ Share Class 2</i>	\$5,000 USD	\$50,000 USD	\$10,000 USD	\$10,000 USD
<i>USD \$ Share Class 3</i>	\$5,000 USD	\$50,000 USD	\$10,000 USD	\$10,000 USD
<i>USD \$ Institutional Share Class 1</i>	\$20,000 USD	\$100,000 USD	\$20,000 USD	\$10,000 USD
<i>USD \$ Institutional Share Class 2</i>	\$20,000 USD	\$100,000 USD	\$20,000 USD	\$10,000 USD
<i>USD \$ Institutional Share Class 3</i>	\$20,000 USD	\$100,000 USD	\$20,000 USD	\$10,000 USD
<i>GBP £ Share Class</i>	£15,000 GBP	£15,000 GBP	£5,000 GBP	£10,000 GBP

The Directors, in their sole and absolute discretion, may accept or reject all or any portion of any subscriptions and/or adjust the minimum subscription amount. There is no maximum aggregate amount of proceeds which the Company may accept pursuant to this offering of Segregated Portfolio Shares.

Shares issued subsequent to the initial Subscription Date for that Share class will be issued at the Net Asset Value price per Share as of each Subscription Date.

All Share Classes within this Segregated Portfolio shall pursue the same investment strategies.

The Segregated Portfolio Shares are not offered for subscription in the United States and may not be offered to, or purchased by, any U.S. Person.

INVESTMENT OBJECTIVE

The Investment Objective of the Segregated Portfolio is to achieve positive investment yields for the Shareholders of the Segregated Portfolio through the appointment of the Investment Advisor by the Investment Manager to implement investment strategies as described herein and through the appointment of the Investment Manager to monitor risk in relation to the assets of the Segregated Portfolio. There can be no assurance that the Segregated Portfolio will achieve its investment objective or that a Shareholder will not lose some or all of the assets invested in the Segregated Portfolio. See the “**RISK FACTORS**” section set forth in the Memorandum.

INVESTMENT STRATEGY

The objective of the Segregated Portfolio is to seek secured and collateralised debt financing opportunities for the Segregated Portfolio that will produce the targeted returns for the Shareholders in the Segregated Portfolio to meet the coupon / dividend payments as per the share offering of the Company in respect of the Segregated Portfolio. This component will be at the core of the investment strategy aimed at producing a base return with low risk correlation in that particular market sector. The majority of the Segregated Portfolio's capitalization will be allocated to this core layer. The second layer of the investment approach is the diversified alpha segments that will see the Investment Manager seek market opportunities that are short term, high yield that have a delta hedging risk approach as well as intraday liquidity. The Investment Manager will utilize its knowledge base and network which it has built up over many years to produce the yield investors seek within this offering.

The debt financing opportunities in which the Segregated Portfolio will invest into may be structured in a way that allows the fund to convert its debt for securities, if the Segregated Portfolio deems the conversion to be an improvement of the return for the investor.

Notwithstanding anything to the contrary in this SPPM, the majority of the Segregated Portfolio's investments shall be Securities, Convertible Loans, Loan Debentures, Options and Futures investments.

Hurdle Rate

The Investment Manager has set the “**Hurdle Rate**” at the gross figure of 9% per annum, for the purpose of Performance Fee calculations associated with the USD \$ Share Class 1, USD \$ Institutional Share Class 1 and GBP £ Share Class and at the gross figure of 4% per annum for the purpose of Performance Fee calculations associated with the USD \$ Share Class 2 and USD \$ Institutional Share Class 2 as part of the schedule of fees payable to the Investment Manager. Hurdle Rate will not apply to USD \$ Share Class 3 and USD \$ Institutional Share Class 3. The Hurdle Rates will be calculated on a quarterly basis pursuant to the Performance Fee deduction.

Asset Collateralisation and Assignment

The Segregated Portfolio is not only about returns that beat market expectations and creates the yield factor investors seek, it also engages in protection and management of risk. The strategy of the Segregated Portfolio deploys numerous methods to protect principal investments and, where feasible, hedge the delta exposure and alpha gains.

The de-risking process includes diversification across the asset classes and industries, without over-weighting to any particular trade or investment. The core principle is to engage a collateralization and assignment over the assets that the Segregated Portfolio engages in whenever physically possible.

Process and Implementation

The Investment Advisor will seek to identify and negotiate a diverse portfolio of funding opportunities for the Investment Manager on behalf of the Segregated Portfolio. To assist the Investment Advisor, the management of the lending propositions within the Segregated Portfolio will utilise the Carlton James Group of companies to manage the repayment schedules and collateralization. Collateralization will utilize all debt instruments for security. These can include loan notes, mortgage agreements, collateral assignments and debentures. This security extends wherever possible to equity being taken in the companies they are deal funding, which gives the added advantage of voting rights on such an equity play and a seat on the board of the company in which the Segregated Portfolio has invested. This process has the advantage of monitoring the company, the transaction and importantly the people who are tasked to implement the investment giving the ability to spot early any potential downside and therefore manage the risk associated. Once repayment of funding has completed, the equity position may be transferred to alleviate responsibility for the Segregated Portfolio.

The above description is general and is not intended to be exhaustive. Investors must recognise that there are inherent limitations on all descriptions of investment processes due to the complexity, confidentiality and subjectivity of such processes. In addition, the description of virtually every strategy must be qualified by the fact that the investment approaches are continually changing, as are the markets invested in by the Segregated Portfolio. Finally, the Investment Manager may pursue additional strategies for the Segregated Portfolio, in its sole discretion, in its pursuit of the investment objective for the Segregated Portfolio.

The Segregated Portfolio may invest in another segregated portfolio of the Company or other mutual funds so long as the Segregated Portfolio's investments follow the investment strategy laid forth in this Supplement.

INVESTMENT RESTRICTIONS

The policy of the Segregated Portfolio is to spread investment risk. As set out in the "INVESTMENT STRATEGY" section above, and, except as set out below with respect to the minimum level of cash assets that the Segregated Portfolio will hold, there are no investment restrictions or restrictions as to sectoral or regional weights. Although the Segregated Portfolio's aim is to be nearly fully invested, there may be periods when most of the assets could be in cash or cash equivalent investments. The period of low investments is determined by market conditions, technical indicators, valuation levels and other fundamental factors. The Investment Manager may adjust the asset allocation, subject to agreement by the Investment Advisor, if and when necessary, to protect Shareholders and to reflect current market condition changes.

RISK FACTORS

The Investment Manager and the Investment Advisor may apply, where applicable, dynamic hedging mechanisms to minimise risk exposure. There can be no guarantee that such mechanisms will be successful. For an extensive explanation of the possible risks that the Segregated Portfolio will be subjected to, please see the section in the Memorandum on "**Risk Factors**".

LEVERAGE

Leverage may be utilized in the Segregated Portfolio. Various financing arrangements may be employed from time to time to support the investment strategy and meet liquidity requirements. The intention to apply leverage in respect of the Segregated Portfolio only applies when the Investment Manager and the Investment Advisor deem it to be appropriate and in the interests of Shareholders in the Segregated Portfolio.

The Segregated Portfolio may use leverage to support its dynamic hedging function and, when appropriate within the alpha portfolio strategy described in the section "Investment Strategy" above, will take advantage of market volatility, moment and/or price action on a limited basis and primarily within stocks comprising the FTSE 100 index, currencies and or commodities. The use of leverage trading conditions within the Segregated Portfolio will be limited to a maximum of 15% of the total assets under management in the Segregated Portfolio. For these assets where leverage may be used, the leverage used by (or on behalf of) the Segregated Portfolio shall not exceed three times their Net Asset Value.

The description of the investment strategy and leverage mechanisms for the Segregated Portfolio is general and not intended to be exhaustive. The exact details are proprietary and may vary over time.

FEES AND EXPENSES

Organisational and Initial Offering Costs: The organisational and initial offering costs of the Segregated Portfolio will be borne by the Segregated Portfolio and amortised on a straight-line basis over the first sixty (60) months following the commencement of the Segregated Portfolio's investment activities.

The Investment Manager and/or Sponsor may advance those fees and expenses incurred in connection with the organisation of the Segregated Portfolio and the initial offer and sale of Segregated Portfolio Shares, including, without limitation, fees and expenses of attorneys and accountants, printing costs and promotional expenses which in aggregate is approximately USD 100,000. The Segregated Portfolio will reimburse the Investment Manager and/or Sponsor for such fees and expenses occurred.

While the financial statements of the Segregated Portfolio will be prepared in conformity with International Financial Reporting Standards as a guideline, the organisational fees and expenses of the Segregated Portfolio will be amortised over the first sixty (60) months.

Distribution Fees: The Company reserves the right to charge, at the discretion of the Directors, an initial fee of up to five per cent (5%) of the total subscription monies received (the “**Distribution Fee**”). The Distribution Fee will be used by the Investment Manager to compensate intermediaries and other selling agents. The Distribution Fee will be calculated, deducted and paid by the Administrator to the Investment Manager. The Investment Manager will then be responsible for the disbursement of Distribution Fees where applicable. The USD \$ Institutional Share Class 1, USD \$ Institutional Share Class 2 and USD \$ Institutional Share Class 3 will not be subject to Distribution Fees.

The Distribution Fee will be calculated on the total subscription monies but will not be payable by the Shareholder upon application for Participating Shares. Instead, the Company on behalf of the Segregated Portfolio will remit the total Distribution Fee to the Investment Manager, and the amount paid by the Company will be immediately amortised and allocated over a period of twenty four (24) months from the date of investment on a straight-line basis, so that on each Valuation Day after the relevant Dealing Day, 1/24 of the total Distribution Fee relating to each Shareholder will be charged.

If within the two-year period from the date of investment the Shareholder wishes to redeem their holding partially or in its entirety, any remaining unamortised Distribution Fees attributable to that Shareholder will immediately become payable and will be deducted from the total redemption proceeds payable to such Shareholder.

In the event that a Shareholder wishes to redeem part of their holdings, a prorated portion of the remaining unamortised Distribution Fees attributable to that Shareholder will immediately become payable and will be deducted from the total redemption proceeds payable to such Shareholder. Such portion will be calculated by taking the ratio of the Participating Shares being redeemed to the remaining Participating Shares held by that Shareholder.

Administration Fees: The Administrator is entitled to a monthly minimum fee, payable monthly, subject to a decreasing basis points charge on the Net Asset Value of the Segregated Portfolio to include one Class of the Segregated Portfolio Shares, together with a surcharge for any subsequent Classes launched to correspond thereto.

The Administrator is also entitled to an audit assistance fee for services rendered in relation to the annual audit of the Segregated Portfolio's financial statements. The Administrator shall be reimbursed for all agreed shareholder transaction fees, FATCA and CRS related services, and all out of pocket expenses properly incurred by it in the performance of its duties and responsibilities under each Administration Agreement by and between the Company, acting for the account of the Segregated Portfolio, and the Administrator.

The administration fees may be amended by the Administrator, giving to the Company not less than 90 days' notice in writing specifying the new rates which will apply at the expiry of such notice.

As is required under section 4(1) (b) of the Mutual Funds Act of the Cayman Islands, the Administrator is licensed as a mutual fund administrator by the Cayman Islands Monetary Authority under Part III of the Mutual Funds Act of the Cayman Islands.

Anti-Money Laundering Fees: Pursuant to the Cayman Islands Anti-Money Laundering Regulations (2018 Revision) and the Guidance Notes on the Prevention and Detection of Money Laundering and Terrorist Financing in the Cayman Islands (together, the “**AML Regime**”), the Company must appoint and has appointed suitably qualified and experienced individuals to the roles of AML Compliance Officer (“**AMLCO**”), Money Laundering Reporting Officer (“**MLRO**”) and Deputy Money Laundering Reporting Officer (“**DMLRO**”). The Segregated Portfolio will pay a pro-rata fee for such services rendered to ensure compliance with AML Regulations. Please refer to section within the Memorandum on “**Anti-Money Laundering**” for further information.

Investment Manager’s Management Fee: The Segregated Portfolio will pay the Investment Manager a management fee, payable monthly in arrears. The fund will be subject to the below fees subject to a minimum of \$5,000 USD per month.

<i>Share Class</i>	<i>Fee</i>
<i>USD \$ Share Class 1</i>	1/12 th of 0.25% of the Net Asset Value
<i>USD \$ Share Class 2</i>	
<i>USD \$ Institutional Share Class 1</i>	
<i>USD \$ Institutional Share Class 2</i>	
<i>GBP £ Share Class</i>	
<i>USD \$ Share Class 3</i>	1/12 th of 0.50% of the Net Asset Value
<i>USD \$ Institutional Share Class 3</i>	

For purposes of calculating the management fee, the Net Asset Value is determined before reduction for the Investment Manager’s management fee, or payable as of such calendar month-end and before giving effect to any subscriptions, dividends or redemptions accrued or paid as of such calendar month-end. If a Shareholder redeems all or some of its Segregated Portfolio Shares, if the Investment Management Agreement is terminated or if the Segregated Portfolio is dissolved as of any day other than the end of a calendar month, the Investment Manager will be paid a pro-rated management fee based upon the ratio that the number of days through the date of such event bears to the total number of days in the calendar month. The Investment Manager may receive fees from the Prime Broker by way of a percentage of the overall dealing charges for the provision of covering the costs of market research and analysis to the Segregated Portfolio.

Investment Advisor’s Advisory Fee: The Segregated Portfolio will pay the Investment Advisor an Advisory Fee, payable monthly in arrears, in an amount as follows:

<i>Share Class</i>	<i>Fee</i>
<i>USD \$ Share Class 1</i>	1/12 th of 0.75% of the Net Asset Value
<i>USD \$ Share Class 2</i>	
<i>USD \$ Institutional Share Class 1</i>	

<i>USD \$ Institutional Share Class 2</i>	1/12 th of 1.50% of the Net Asset Value
<i>GBP £ Share Class</i>	
<i>USD \$ Share Class 3</i>	
<i>USD \$ Institutional Share Class 3</i>	

For the purposes of calculating the Advisory Fee, the Net Asset Value is determined before reduction for the Investment Manager's Management Fee or the Investment Advisor's Advisory Fee accrued or payable as of such calendar month-end and before giving effect to any subscriptions, dividends or redemptions accrued or paid as of such calendar month-end. If a Shareholder redeems all or some of its Segregated Portfolio Shares, if the Investment Advisory Agreement is terminated or if the Segregated Portfolio is dissolved as of any day other than the end of a calendar month, the Investment Advisor will be paid a pro-rated Advisory Fee based upon the ratio that the number of days through the date of such event bears to the total number of days in the calendar month. Pursuant to the Investment Advisory Agreement, the Investment Advisor may elect to defer the receipt of all or a portion of the advisory fees payable to it.

Performance Fees: The Segregated Portfolio will pay the Investment Manager, if the expected dividend return for the Segregated Portfolio is achieved and subject to having requisite distributable profits, a performance fee as follows:

<i>Share Class</i>	<i>Fee (no minimum or maximum)</i>

<i>USD \$ Institutional Share Class 1</i>	
<i>GBP £ Share Class</i>	
<i>USD \$ Share Class 2</i>	10% of the total returns earned for the Segregated Portfolio above the Hurdle Rate of 4%
<i>USD \$ Institutional Share Class 2</i>	
<i>USD \$ Share Class 3</i>	
<i>USD \$ Institutional Share Class 3</i>	No fee

A Performance Fee will be calculated prior to any Dividend Payments as at the Performance Calculation Date and paid in respect of each Performance Calculation Period. Calculation of the Performance Fees is subject to Equalisation accounting methodology. The Directors reserve the right to change the accounting method upon notification only to each Segregated Portfolio Shareholder. Please refer to the section within the Memorandum on “**Equalisation**” for further information.

SUBSCRIPTIONS

Persons wishing to subscribe for Segregated Portfolio Shares must complete the Subscription Agreement, which includes, among other things, representations that the subscriber is not a U.S. Person. Completed Subscription Agreements and the appendices attached thereto must be received by the Administrator (by facsimile or email, with the original of the anti-money laundering documentation sent by post and a copy sent by facsimile or email to the Investment Manager), together with a wire transfer for the full amount of the subscription, at least two (2) Business Days prior to the relevant Subscription Date (or such shorter period as may be determined by the Directors in their sole and absolute discretion).

Subscription monies must be remitted net of bank charges in accordance with the wire transfer instructions set forth in the Subscription Agreement. All investors must arrange for the transmission of their subscription funds at least two (2) Business Days prior to the relevant Subscription Date before 5:00 p.m. (Greenwich Mean Time). Failure to remit the full amount due will be treated as a subscription for the amount remitted.

Where all required documentation and subscription monies are not received at least two (2) Business Days prior to the relevant Subscription Date, the Administrator shall (unless the Directors determine otherwise) treat the subscription as a subscription for the next following Subscription Date.

A subscription for Segregated Portfolio Shares will not be processed and Segregated Portfolio Shares will not be allotted until receipt of notification that a prospective Shareholder's funds have been cleared in the full amount of the subscription. The Company reserves the right to reject any subscription or to accept only part of a subscription for any reason. If a subscription is not accepted or is accepted only in part, the amount paid on the subscription or the balance thereof will be returned without interest and returned at the risk of the prospective Shareholder. Fractions (up to four decimal places) of Segregated Portfolio Shares may be issued.

Unless the Directors determine otherwise, share certificates in respect of Segregated Portfolio Shares will not be issued. Segregated Portfolio Share ownership will be reflected in book entries in the register of members of the Company recorded by the Administrator.

The Directors may wish to ensure that monies are invested promptly after receipt even prior to the issue of Participating Shares. Accordingly subject to receipt by the Company of a satisfactorily completed Subscription Agreement and all other documentation or information required, the Company may apply an applicant's subscription monies for investment from the date of receipt of subscription monies by the Company prior to the determination of Net Asset Value. In the event that the Company is wound up before the applicant is issued with Participating Shares, the applicant is deemed to have made an irrevocable loan of the subscription monies to the Company and an applicant's claim against the Company under the loan shall rank *pari passu* with the claims of other unsecured creditors of the Company. As soon as the Net Asset Value is determined, the Company will issue Participating Shares and the loan will be deemed to be repaid. The applicant will not receive any interest on the loan or be able to demand its repayment save in the case of a winding up. For the purposes of allocating Management Fees, Performance Fees and other fees and expenses, and the making of subscription applications, the Participating

Shares issued to the relevant applicant will be deemed to have been issued on the first Business Day following the relevant date of determination of the Net Asset Value.

REDEMPTIONS; COMPULSORY REDEMPTIONS

The redemption of Segregated Portfolio Shares shall be subject to the Redemption Policy set out herein and under the rules set forth in the Memorandum. Please refer to section within the Memorandum on “**Redemptions**” for further information.

NET ASSET VALUE

The Net Asset Value of each Class of Segregated Portfolio Shares is determined by reference to the market prices of the underlying assets in the Segregated Portfolio attributable to such Class at the close of business on (i) the Valuation Day immediately preceding each Dealing Day in respect of Series Accounting or (ii) the Performance Calculation Date in respect of the Equalisation method. Assets for which market prices are not readily available will be valued as determined by the Directors in consultation with the Investment Manager. Fees and expenses of the Segregated Portfolio will be accrued monthly and subtracted from the assets of the Segregated Portfolio in determining the Net Asset Value of each Class of Segregated Portfolio Shares shall be calculated by dividing the value of the total net assets of that Class (i.e. the value of the assets and cash, less liabilities and estimated cost of realisation) by the number of Segregated Portfolio Shares of that Class in issue. The resultant Net Asset Value per Segregated Portfolio Share is then adjusted to two decimal places. Please see the section in the Memorandum on “**Net Asset Value**” for further information.
