Minimum Payments

If you make only the minimum payment each month, it will take you longer and cost you more to clear your balance.

You can also make a partial payment of any amount over £16.11.

ⓘ This month's updates

Your new monthly minimum payment helps clear your balance sooner.

Our new monthly minimum payment calculation is changing - this means your monthly minimum payment calculation is changing - this means your payments will increase. Of course, if you feel this isn't right for you, you can close your account at any time - but to avoid the increase, you'd need to do this before 17/01/2022. Please ignore this message, if you've already closed your account.
