Trustees' Report for the Year Ended 5 April 2018

The trustees present their report for the year ended 5 April 2018.

Management of the scheme

The trustees during the year under review were:

D A Freeman J S Freeman

The Scheme was established in March 2000 and is governed by a supplemental trust deed dated 05 October 2000 and any subsequent amendments. The address of its principal place of business is Dawes House, 33-35 Dawes Lane, London, NW7 4SD. The Scheme provides retirement and death benefits for the directors of Victoria Bakery Limited and their family. It is a defined contribution scheme.

The trustees, named above, are the trustees at the date of approval and have served throughout the year. The power of appointing and removing trustees is vested in the Trustees.

Membership

Details of membership of the scheme during the year are shown below:

	At 6.4.17	Increase	Decrease	At 5.4.18
Active members Pensioners Deferred pensioners	2	-	-	-
	-	-	-	-
	2	<u></u>	===	====

The scheme's advisers are named on page one. The Trustees delegate the day-to-day management to Investment management professional external investment managers and set the investment strategy for the Scheme after taking advice from the Scheme's Investment Adviser.

The Scheme is exempt from the preparation of a Statement of Investment Principles as required by Section 35 of the Pension Act 1995 on the grounds that all investment decisions are made by the trustees unanimously.

The Fund Account and Net Assets Statement on pages 5 to 6 show that the value of the scheme's assets increased by £21,983 to £541,563 as at 5 April 2018. The increase was comprised of net additions from dealings with members of £9,360 together with net returns on investments of £12,623.

The value of the investment property remained unchanged at the year end.

The trustees are the Scheme's asset custodians. Transactions normally required written approval from all of the trustees.

The state of the second second

Report of the Accountants to the Trustees of Victoria Bakery Limited Retirement Benefit Scheme

We have prepared for your approval the financial statements of Victoria Bakery Retirement Benefit Scheme for the year ended, 05 April 2018 which comprise the fund account, the statement of net assets and the related notes from the Scheme's accounting records and from information and explanations you have given us.

As a practising member firm of the Institute of Chartered Accountants in England and Wales (ICAEW), we are subject to its ethical and other professional requirements which are detailed at www.icaew.com/en/membership/regulations-standards-and-guidance.

This report is made solely to the Board of Victoria Bakery Retirement Benefit Scheme, as a body, in accordance with the terms of our engagement letter dated 30 June 2016. Our work has been undertaken solely to prepare for your approval the financial statements of Victoria Bakery Retirement Benefit Scheme and state those matters that we have agreed to state you, as a body, in this report in accordance with ICAEW Technical Release 07/16 AAF as detailed at www.icaew.com/compilation. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than Victoria Bakery Retirement Benefit Scheme and its Board, as a body, for our work or for this report.

It is your duty to ensure that Victoria Bakery Retirement Benefit Scheme has kept adequate accounting records and to prepare statutory financial statements that give a true and fair view of the assets, liabilities, financial position and net increase in funds of Victoria Bakery Retirement Benefit Scheme. You consider that Victoria Bakery Retirement Benefit Scheme is exempt from the statutory audit requirement for the year.

We have not been instructed to carry out an audit or a review of the financial statements of Victoria Bakery Retirement Benefit Scheme. For this reason, we have not verified the accuracy or completeness of the accounting records or information and explanations you have given to us and we do not, therefore, express any opinion on the statutory financial statements.

Notes to the Financial Statements for the Year Ended 5 April 2018

1. Accounting policies

Basis of preparing the financial statements

The financial statements have been prepared in accordance with the Financial Reporting Standard 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland" and the guidance set out in the Statement of Recommended Practice, Financial Reports of Pension Schemes (revised November 2014).

The financial statements are presented in sterling which is the functional currency of the pension scheme and rounded to the nearest (£).

Contributions

Employer normal contributions that are expressed as a rate of salary are accounted for on the same basis as employee contributions, in accordance with the Schedule of Contributions in force during the year.

Payments to members

Benefits are accounted for in the period in which the member notifies the Trustees of his decision on the type or amount of benefit to be taken or, if there is no member choice, they are accounted for on the date of retirement or leaving.

Individual transfers in and out of the Scheme are accounted for when member liability is accepted or discharged which is normally when the transfer amount is paid or received.

Administrative and other expenses

Administrative expenses are accounted for on an accruals basis.

Investment income

Rental income is accounted for on an accruals basis.

Income from pooled investment vehicles is accounted for when declared by the fund manager.

Change in market value of investments

The change in market value of investments during the year comprises all increases and decreases in the market value of investments held at any time during the year, including profits and losses realised on sales of investments during the year.

Notes to the Financial Statements for the Year Ended 5 April 2018

1. Accounting policies - continued

Investments

Investment assets and liabilities are included in the financial statements at fair value. Where separate bid and offer prices are available, the bid price is used for investment assets and the offer price for investment liabilities. Otherwise, the closing single price, single dealing price or most recent transaction price is used.

The methods of determining fair value for the principal classes of investments are:

Equities, bonds and certain pooled investment vehicles which are traded on an active market are included at the quoted price, which is normally the bid price.

Where the value of a pooled investment vehicle is primarily driven by the fair value of its underlying assets, the net asset value advised by the fund manager is normally considered a suitable approximation to fair value unless there are restrictions or other factors which prevent realisation at that value, in which case adjustment is made.

2.	Contributions	2018 £	2017 £
	Employer contributions Normal contribution receivable	9,360	9,360
	Employee contributions		
	Total contributions	9,360	9,360
3.	Benefits paid or payable	2018 £	2017 £
	Commutation of pensions		80,584
4.	Investment income	2018 £	2017 £
	Net rents from properties Bank interest receivable	12,375 516	11,600 585
		12,891	12,185

5. Taxation

ş

The Scheme is a registered Pension Scheme under Chapter 2 of Part 4 of the Finance Act 2004 and is therefore exempt from income tax and capital gains tax.

and they to be a delegated and the second terminal and

Notes to the Financial Statements for the Year Ended 5 April 2018

6. Reconciliation of investments

	Value at 6/4/17 £	Purchases at cost	Change in market value £	Value at 5/4/18 £
Property	150,000	-	-	150,000
Pooled investment vehicles	311,904	9,359	(268)	320,995
	461,904	9,359	(268)	470,995
Cash	60,277		<u>- </u>	76,068
	522,181			547,063

The above investments are undesignated and held for the general purpose of the scheme.

7. Transaction costs

Transaction costs are included in the cost of purchases and deducted from sale proceeds. Direct transaction costs include costs charged to the Scheme such as fees, commissions and stamp duty.

In addition to the transaction costs disclosed above, indirect costs are incurred through the bid-offer spread on investments within pooled investment vehicles and charges made within those vehicles.

8. Pooled investment vehicles

1 Ookea myesemene yezhoue	2018	2017
	£	£
0.1	320,995	311,904
Other		

9. Fair value determination

The fair value of financial instruments has been estimated using the following fair value hierarchy:

Level 1	The unadjusted quote price in an active market for identical assets or liabilities that
Level 1	the entity can access at the measurement date. Inputs other than quoted prices included with Level 1 that are observable (i.e. Inputs other than quoted prices included with Level 1 that are observable (i.e. Inputs other directly or indirectly.
Level 2	to the asset of liability cities all the asset of liability cities all the asset of liability of many
Level 3	Inputs are unobservable (i.e. for which market data is unavailable) for the asset or liability.

Notes to the Financial Statements for the Year Ended 5 April 2018

Fair value determination - continued 9.

The scheme's investment assets have been fair valued using the above hierarchy levels as follows:

	5 April 2018			
Property Pooled investment vehicles	Level 1 £ - 320,995 76,068	Level 2 £ 150,000	Level 3 £ - -	Total £ 150,000 320,995 76,068
Cash	397,063	150,000	-	547,063
		5 April 2	2017	

Property Pooled investment vehicles Cash	Level 1 £ 311,904 60,277	Level 2 £ 150,000	Level 3 £ - -	Total £ 150,000 311,904 60,277
Casii	372,181	150,000		522,181

Investment risk disclosures 10.

FRS 102 requires the disclosure of information in relation to certain investment risks. These risks are set out by FRS 102 as follows:

This is the risk that one party to a financial instrument will cause a financial loss for the other party by failing to discharge the obligation.

Market risk

This comprises currency risk, interest rate risk and other price risk.

- This is the risk that the fair value or future cash flows of a financial asset will fluctuate because of Currency risk changes in foreign exchange rates.
- This is the risk that the fair value or future cash flows of a financial asset will fluctuate because of Interest rate risk changes in market interest rates.
- This is the risk that the fair value or future cash flows of a financial asset will fluctuate because of Other price risk changes in market prices (other than those arising from interest rate risk or currency risk), whether those changes are caused by factors specific to the individual financial instrument or its issuer, or factors affecting all similar financial instruments traded in the market.

Notes to the Financial Statements for the Year Ended 5 April 2018

10. Investment risk disclosures - continued

Investment strategy

The trustees determine their investment strategy after taking advice from a professional investment adviser.

The scheme has exposure to these risks because of the investments it makes in following the investment strategy set out below. The trustees manage investment risks, including credit risk and market risk, within agreed risk limits which are set taking into account the scheme's strategic investment objectives.

These investment objectives and risk limits are implemented through the investment management agreements in place with the scheme's investment managers and monitored by the trustees by regular reviews of the investment portfolio.

Credit risk

The Scheme is subject to credit risk as the Scheme has cash balances. The scheme also invests in pooled investment vehicles and is therefore directly exposed to credit risk in relation to the instruments it holds in the pooled investment vehicles and is directly exposed to the credit risks arising on the financial instruments held by the pool investment vehicles.

Cash is held within financial institutions which are at least investment grade credit rated.

The Scheme's holdings in pooled investment vehicles are unrated. Direct credit risk arising from pooled investment vehicles is mitigated by the underlying assets of the pooled arrangement being ring-fenced from the pooled manager, the regulatory environments in which the pooled managers operate and diversification of investments amongst a number of pooled arrangements. Trustees carry out due diligence checks on the appointment of new pooled investment managers and on an ongoing basis monitor any changes to the regulatory and operating environment of the pooled manager.

7

The Scheme is subject to property market risk, indirect foreign exchange, interest rate and other price risk arising from the underlying financial instruments held in the funds managed by Prudential Assurance Company Limited and by the Scheme via Pension Practioner.com Limited.

The Scheme manages this exposure to market risks by constructing a diverse portfolio of investments across various markets. The cash deposits and property represent more than 5% of the scheme's net assets.

11.	Current assets Other debtors	2018 £	2017 £ 2,899
12.	Current liabilities	2018 £	2017 £
