Dear Stacy,

We will be making five payments (attached) before April 2020, this is the second and final instalment of 2019/2020 pension contributions into the Whitecliff Pension Scheme.

Please see below the summary by person, by company, for the total year. Please note that there is the amount of £833 (highlighted in yellow) which needs to be reallocated from one person to another, because of Roman Eliasov's having terminated the employment with Global Asia Mining after we have paid the first instalment.

Can you please confirm that this is possible and that the final allocation by company by person will be as shown in the 'Grand Total' column?

Please note that I will be on maternity leave and Alexey Ketkin (copied on this email) will be liaising with you on this matter.
