## How your Cash and Assets are Held

**The statement(s) above show the value of your account(s). The type of account you have, and sometimes the currency you hold, will determine where your money is held. The information below is intended to provide you with the detail of where your money and/or assets are held and how they are protected.**

Your assets are held by Interactive Investor as trustee and are protected under the FCA's Custody and Client Money rules. They are covered by the protected investment business scheme operated by the Financial Services Compensation Scheme ("FSCS"). Compensation may be available to eligible investors in respect of protected claims up to a maximum of £85,000 per claimant.

All of the cash and investments we hold on your behalf are subject to the rules of the Markets in Financial Instruments Directive and its implementing measures.

Where we have been unable to provide a market price for one or more of your investments, this is likely to be indicative of a lack of liquidity and such investment(s) may be difficult to sell.
