Fund	Number of units	Bid price (p)	Fund value
Prudential Managed Pen Ser A	46,943.354	348.30p	£163,503.70
Total value			£163,503.70

Important notes

The current value of the plan

To work out the value of the plan, we've multiplied the number of units in each fund by the bid price on the date shown. If you transfer the fund to another pension or retire early, the value may be different.

We've assumed that all expected contributions have been paid. If they've not been, the value may be less than as shown in this valuation.

Unit-linked funds

The value of an investment in unit linked pension funds increases as the value of the units increase. The value of the units can also fall, therefore the fund value is not guaranteed.

Recent payments

We've assumed that any recent payments have been cleared by the bank. If they've not been, the value of the plan may be less than shown in this valuation.
