5. Authorisation

It is a serious offence to give false information. To do so could lead to prosecution.

Declaration by Integrated Financial Arrangements Ltd

Integrated Financial Arrangements Ltd agrees to administer the Transact SIPP as the scheme provider, and to administer the Transact Personal Pension, the Transact Section 32 Buy Out Bond and the Transact Executive Pension on behalf of IntegraLife UK Limited, the provider of these schemes.

Your declarations

- I authorise and instruct you to transfer sums and assets from the plan(s) listed in Section 3 of this application directly to the receiving provider and to provide any instructions and/or discharge required by any relevant third party to do so.
- I authorise the receiving provider, the current provider and any financial intermediary named in this application to obtain from each other, and release to each other, any information that may be required to enable the transfer of sums and assets to the receiving provider.
- I accept responsibility in respect of any claims, losses, expenses, additional tax charges or any penalties that the receiving provider and the current provider may incur as a result of any incorrect, untrue, or misleading information in this application or given by me, or on my behalf, or of any failure on my part to comply with any aspect of this application. This includes where I have been asked to provide any original policy documents in return for the transfer of funds and I am unable to do so.
- I understand that, for transfers of arrangements from which I have already taken benefits:
 - no pension commencement lump sum is available from my fund at any time;
 - I cannot make any future contributions to this arrangement;
 - for transfers of Capped Drawdown arrangements only, you will continue to apply the same maximum income and the same review period as my current pension provider; and
 - an annuity can be purchased at any time.
- I confirm that where the transfer contains safeguarded benefits and the transfer is above £30,000, I have received, from the Adviser detailed in Section 6 below, advice which includes a recommendation to transfer my benefits to a Transact pension. I understand that Transact will not be able to accept this transfer instruction where advice and a recommendation to transfer has not been provided.
- I confirm that I have been provided with and read the pension illustration, Key Features Document and the Terms and Conditions applicable to this transfer.
- I agree to the Terms and Conditions.
- I have not received any financial advice from Transact.
- I authorise the receiving provider, the current provider and any employer paying contributions to any of the plans as listed in the appropriate section of this application to obtain from each other, and release to each other, any information that may be required to enable the transfer of sums and assets to the receiving provider.
- Until this application is accepted and complete, the receiving provider's responsibility is limited to the return of the total payment to the current provider.
- When payment is made to the receiving provider as instructed, this means that I shall no longer be entitled to receive, from the current provider, pension benefits from the whole of the plans listed in the appropriate section of this application where the whole of the plans is transferring, or those parts of the plans represented by the payment if only part of the plans is transferring.
- I instruct Transact to arrange for the conversion of investments, where necessary, to facilitate the in specie transfer of those investments.

5. Authorisation (continued)

Your Adviser's Payment

If you have agreed to pay your Adviser on a Portfolio Establishment Fee (PEF) basis, you may vary the Adviser Payment rate for this transfer: . %

Ordinarily Transact will pay a PEF immediately on receipt of a transfer. However, if the pension is to be crystallised on completion of the transfer, this reduces the amount available for crystallisation and consequently the Pension Commencement Lump Sum. This can be avoided by setting the PEF to 0% and requesting a one-off Adviser Payment below.

A one-off Adviser Payment can be applied to an accrual pension or a pension that will be crystallised. If Transact receives a full or partial crystallisation request along with this form, the one-off cash Adviser Payment will be paid from the crystallised pension and will be made after the Pension Commencement Lump Sum has been paid.

Complete this section if you wish to make a one-off cash Adviser Payment (in addition to any previously instructed).
