Good morning,

Hope you are well.

You and your clients will no doubt be seeing media coverage and speculation surrounding today's General Meeting, where our shareholders will be voting on the capital package that we secured last month.

To clarify our position, I can confirm the following.

- We fully expect shareholders to vote in favour of the transaction and are confident it represents the best outcome for all stakeholders
- Our strong business performance, and securing a successful capital package, mean we are well positioned to build on our strong foundations and grow the bank over the coming months and years
- This marks an exciting new chapter for Metro Bank, providing us with the opportunity to grow as we strive towards our ambition to be the number one community bank

We expect the result of the meeting to be known by the end of the day and a formal RNS announcement. I will of update you in due course.

Once again, many thanks for your continued support and please do let me know in the meantime if you require any further information.

With kind regards,

**Nick Cook**
